

STUDENT TRANSPORTATION OF PEEL REGION
STOPR

TFL014

Dear Parent:

Student Transportation of Peel Region (STOPR) has received two complaints regarding the behaviour of students while waiting for the school bus at _____ and _____. Subsequent to the first complaint, the school Principal spoke to all students involved and requested that they respect private property in the vicinity of the bus stop and wait on public property in an orderly fashion.

This letter is sent to you upon receipt of a second complaint in an effort to gain your support in explaining to your child(ren) the need to respect others property. In this way, we hope to resolve this problem.

In the event that the problem persists, Student Transportation of Peel Region (STOPR) will be forced to relocate the bus stop. If such action is necessary, we will not be able to guarantee a central location to all concerned.

Thank you for your attention.
